

HANDS^{OF}HOPE

2022 IMPACT REPORT

A message from Savannah & Luke

2022 was a year that we saw God move in completely new ways. We knew when we moved to Zambia that the Lord was going to do something big in the community. We had no idea the type of growth we saw would happen this fast. We were expectant for God to move, but He did immeasurably more than we could have ever thought or imagine. Only God can get the glory for it all!

The kingdom of God going forth throughout Zambia is our biggest goal at Hands of Hope. Without all of our donors, volunteers and amazing Zambian staff, none of this would be possible. Thank you to everybody who prayerfully partnered with us this past year. We know God is going to do even more in the upcoming year!
